EDUCATION

Arab Open University, Beirut, Lebanon — Bachelor in Information Technology

SEPTEMBER 2014 - JUNE 2018

EXPERIENCE & TRAINING

SE Factory, Beirut, Lebanon — Cycle #15 Graduate

MARCH 2021 - JULY 2021

Intensive full stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 12 weeks of lectures, workshops, and projects.

Freelance, Beirut Lebanon — Full-stack Web Developer

MARCH 2019 - FEBRUARY 2021

- Coordinated with client over project requirements
- Managed a team of two in which I was responsible for the internal coordination as well as the development, deployment and version control

PROJECTS

Provocatio — A social media platform

Developed a social app that lets users send dares and accept them and share their experience, to get out of their comfort zone.

- Frontend: React Native
- Backend: PHP, Laravel, MySQL, Pusher

Culture Development — A progress website to teach Lean methodology

Developed a website that trains employees to follow "Lean Methodology". Implemented using

- Frontend: HTML, CSS and (jQuery)
- Backend: PHP, Laravel framework

Expense tracker — A system to track expenses

Developed a website that lets users track expenses. Implemented using HTML, Bootstrap, jQuery for the frontend and PHP for the backend.

PROFILE

I like to think of myself as not just a coder, but an author. I use logic instead of words, a passionate technology enthusiast driven by the desire to learn new things. My goal is to use what I learn to contribute toward building a better future.
